NYKAA SALES ANALYTICS • EXCEL PROJECT

Project Overview

Objective

To analyze sales performance, customer behavior, product performance, discounts and returns using Excel and present actionable business insights through an interactive dashboard.

DATA ANALYSIS

Analyze sales trends, product performance and order-level data to identify key patterns and business opportunities.

Focus :
- Sales Trends
- Products
- Orders
- Categories

CUSTOMER INSIGHTS

Understand customer segments, purchasing behavior, payment preferences and satisfaction through rating analysis.

Focus :
- Segments
- Ratings
- Payment Modes
- Customer Behavior

REVENUE ANALYSIS

Evaluate gross sales, net sales and discount impact to understand revenue performance and pricing effectiveness.

Focus :
- Gross Sales
- Net Sales
- Discounts
- Revenue Contribution

PERFORMANCE MONITORING

Track returns, sales channels and key performance indicators to monitor overall business performance.

Focus :
- Returns
- Channels
- KPIs
- Performance Trends

Dataset Overview

KEY DATA FIELDS

- Order ID
- Order Date
- Category
- Product Name
- Brand
- City
- Channel
- Customer Segment
- Payment Mode
- Unit Sold
- Unit Price
- Gross Sales
- Discount %
- Discount Amount
- Net Sales
- Customer Rating
- Returned

DATA FLOW

01 Raw Sales Data

02 Data Validation

03 Date Conversion

04 Calculated Metrics

05 Pivot Analysis

06 Interactive Dashboard

Order Date was converted from text into a valid Excel Date to enable month-wise analysis.

Data Preparation & Analysis Process

01 DATA VALIDATION

- Checked duplicate records
- Checked blank values
- Validated numerical fields
- Verified date values

02 DATE TRANSFORMATION

Text Date → Excel Date

Order Date → Month-wise Analysis

03 CALCULATIONS

- Gross Sales
- Discount Amount
- Discount %
- Net Sales
- Average Rating
- Return Rate

04 EXCEL TOOLS

Functions:
SUM • AVERAGE • COUNT • COUNTIF • TEXT • DATE

Features:
Pivot Tables • Pivot Charts • Slicers • Timeline • Conditional Formatting

TOOLS USED • Microsoft Excel | Pivot Tables | Pivot Charts | Dashboard Design

Key Performance Indicators

KPIs were selected to measure revenue performance, customer engagement, product demand, discount impact and operational efficiency.

TOTAL NET SALES
₹19.07 L

TOTAL DISCOUNT
₹3.39 L

TOTAL ORDERS
751

RETURN RATE
7.3%

AVG CUSTOMER RATING
4.1 / 5

TOP PAYMENT MODE
Wallet

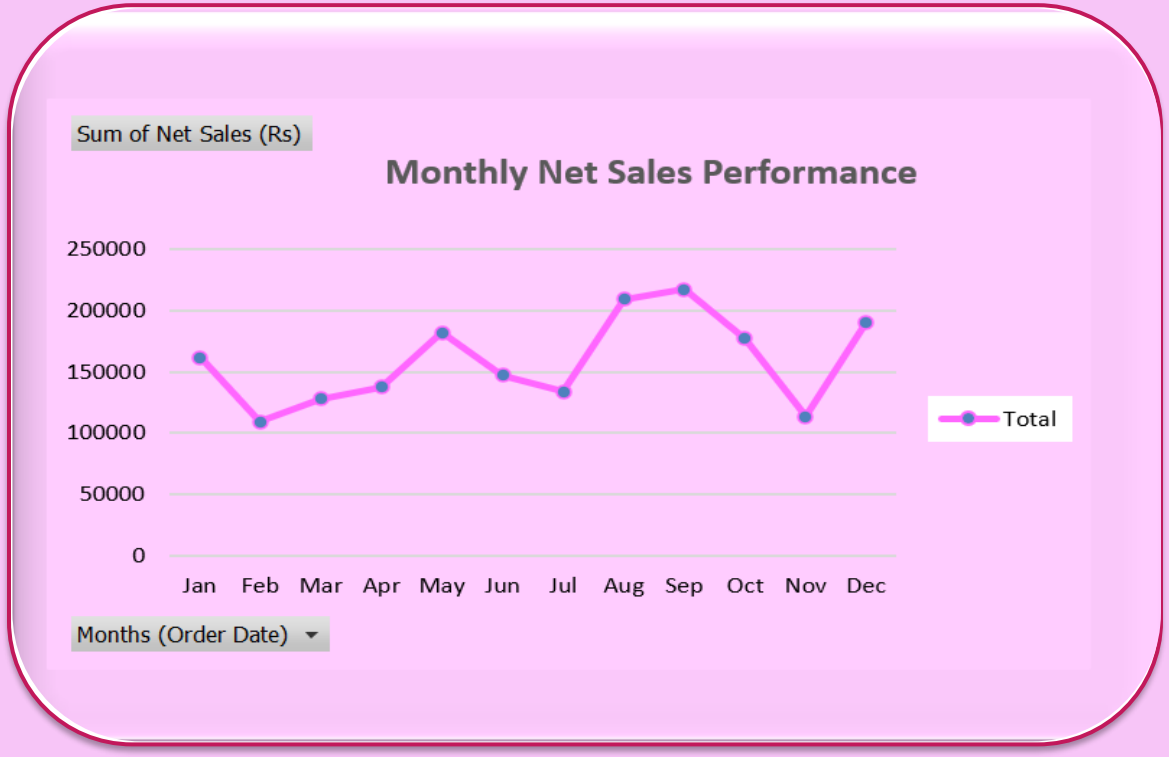

TOTAL UNITS SOLD
2,324

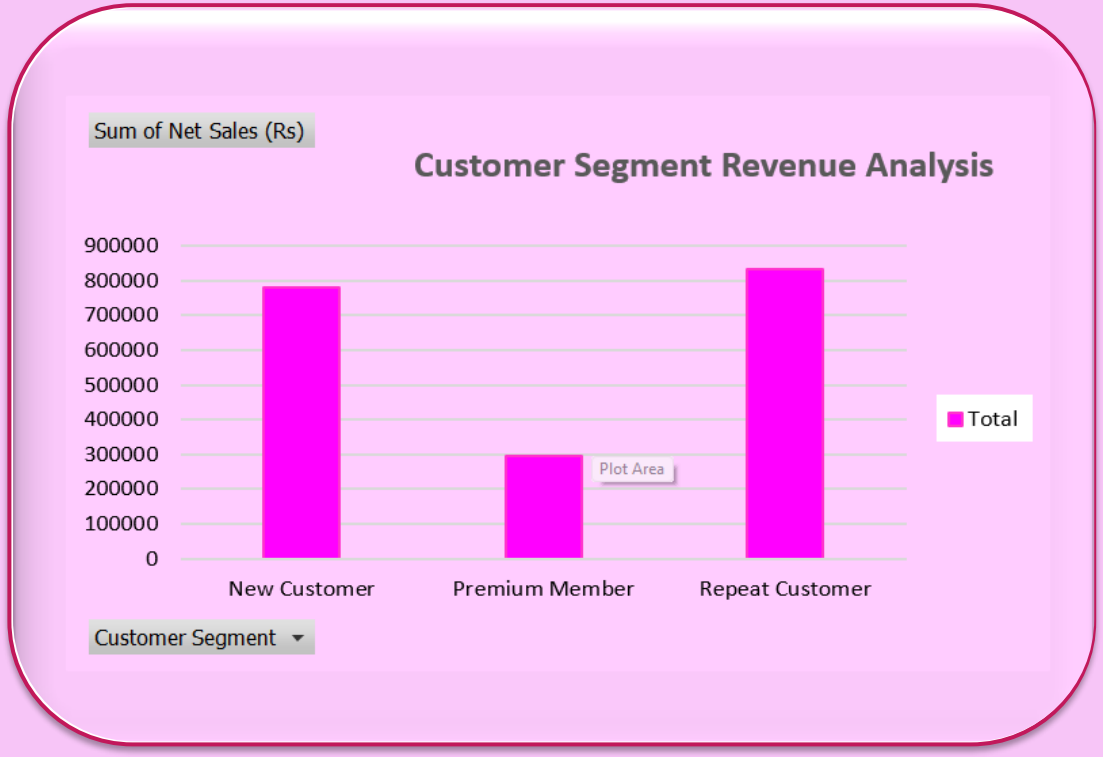

TOP SELLING BRAND
Wow Skin Science

Why These KPIs Matter ?

These KPIs provide a consolidated view of business performance and help identify revenue drivers, customer preferences, product demand, discount impact and operational challenges.

Sales Performance Analysis

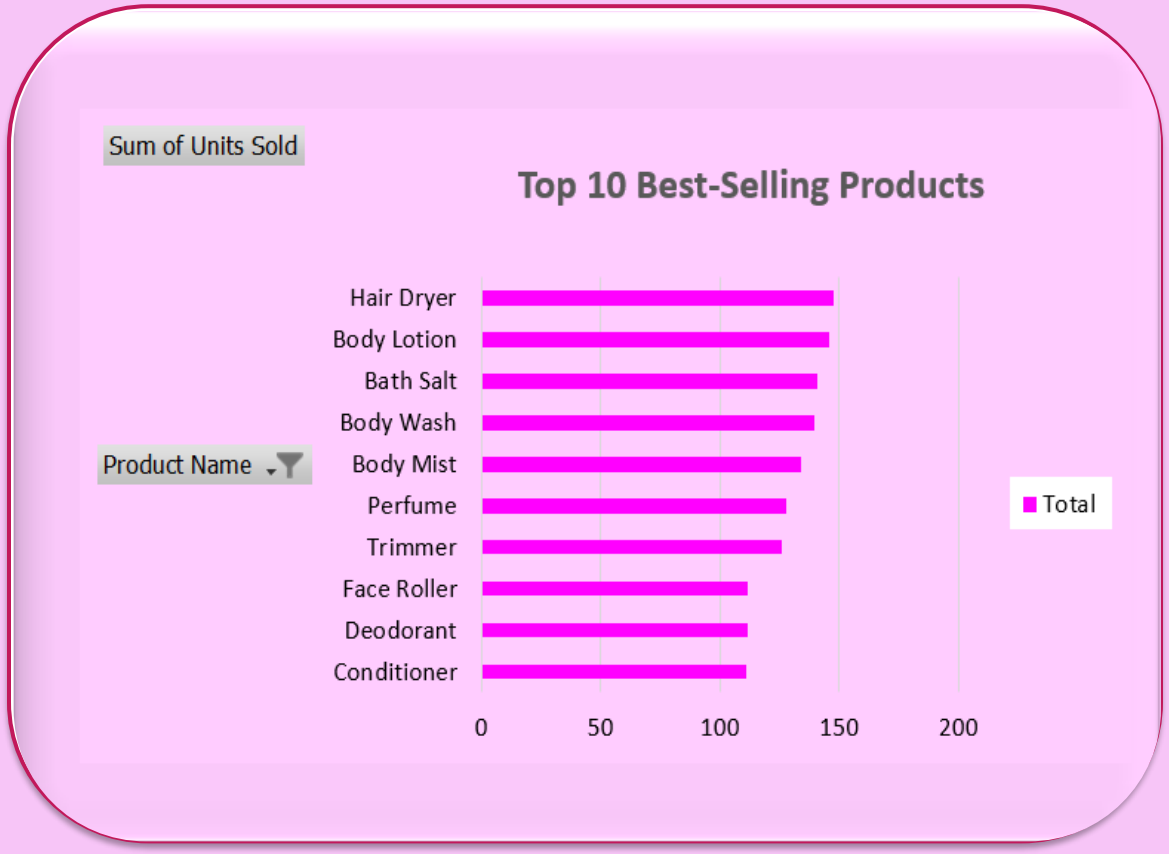

KEY OBSERVATIONS

- Analyzed monthly sales trends to identify fluctuations in revenue.
- Identified high-performing and low-performing months.
- Compared net sales across different customer segments.
- Identified the Repeat Customer segment as a high-performing segment based on the chart.

Product & Brand Performance

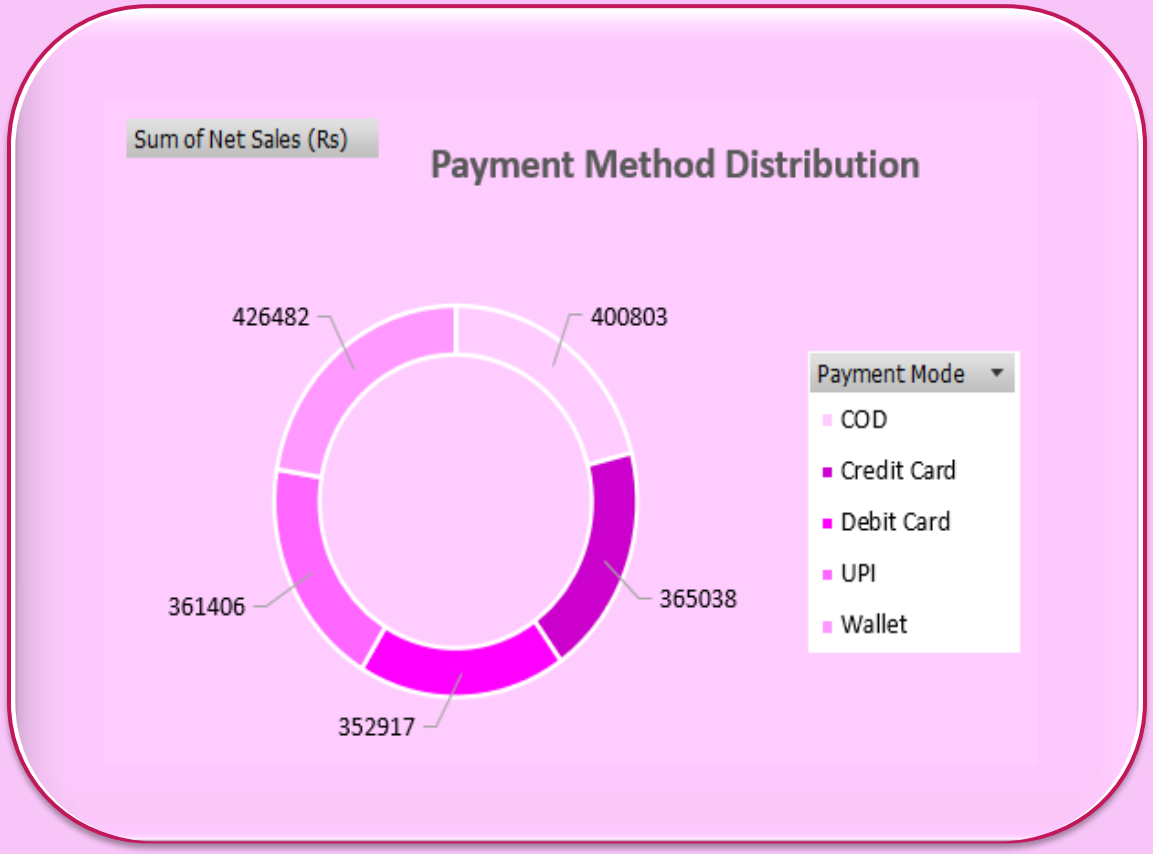

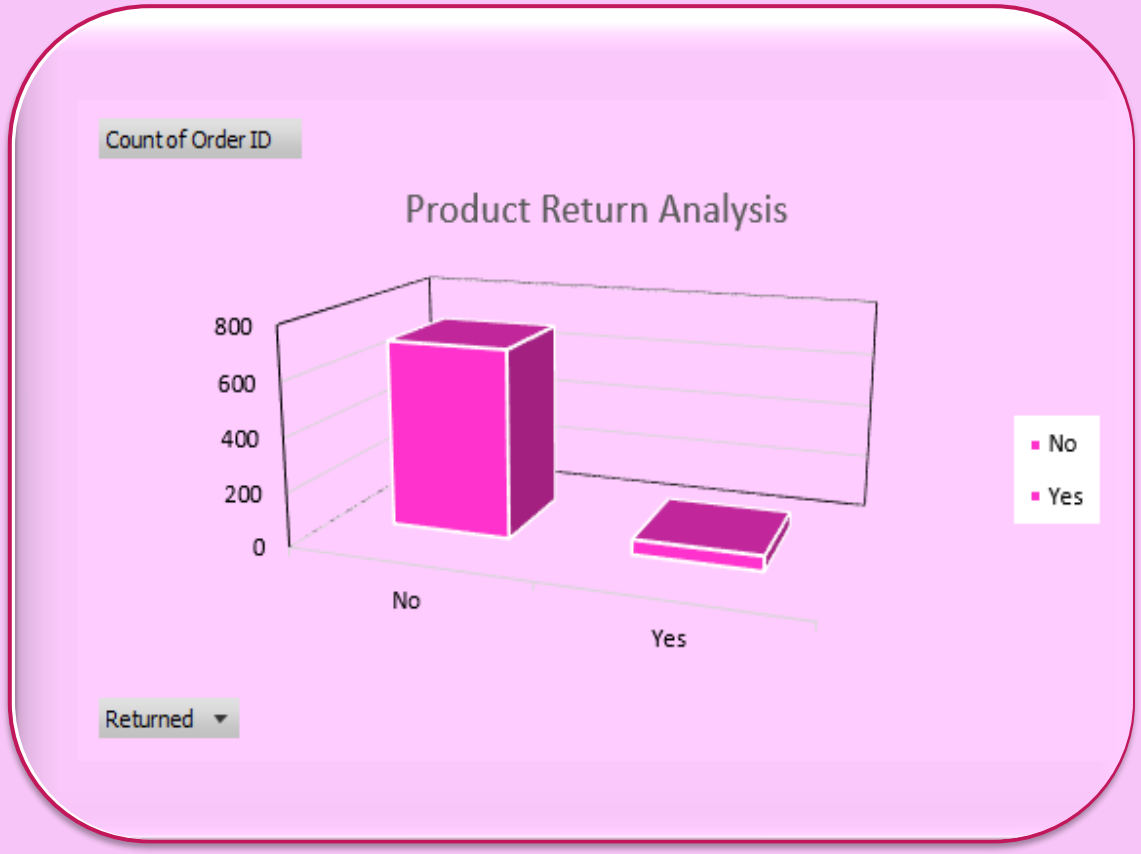

BUSINESS TAKEAWAY

Identify high-performing products and brands with stronger customer satisfaction to support inventory and promotional decisions.

Customer & Transaction Insights

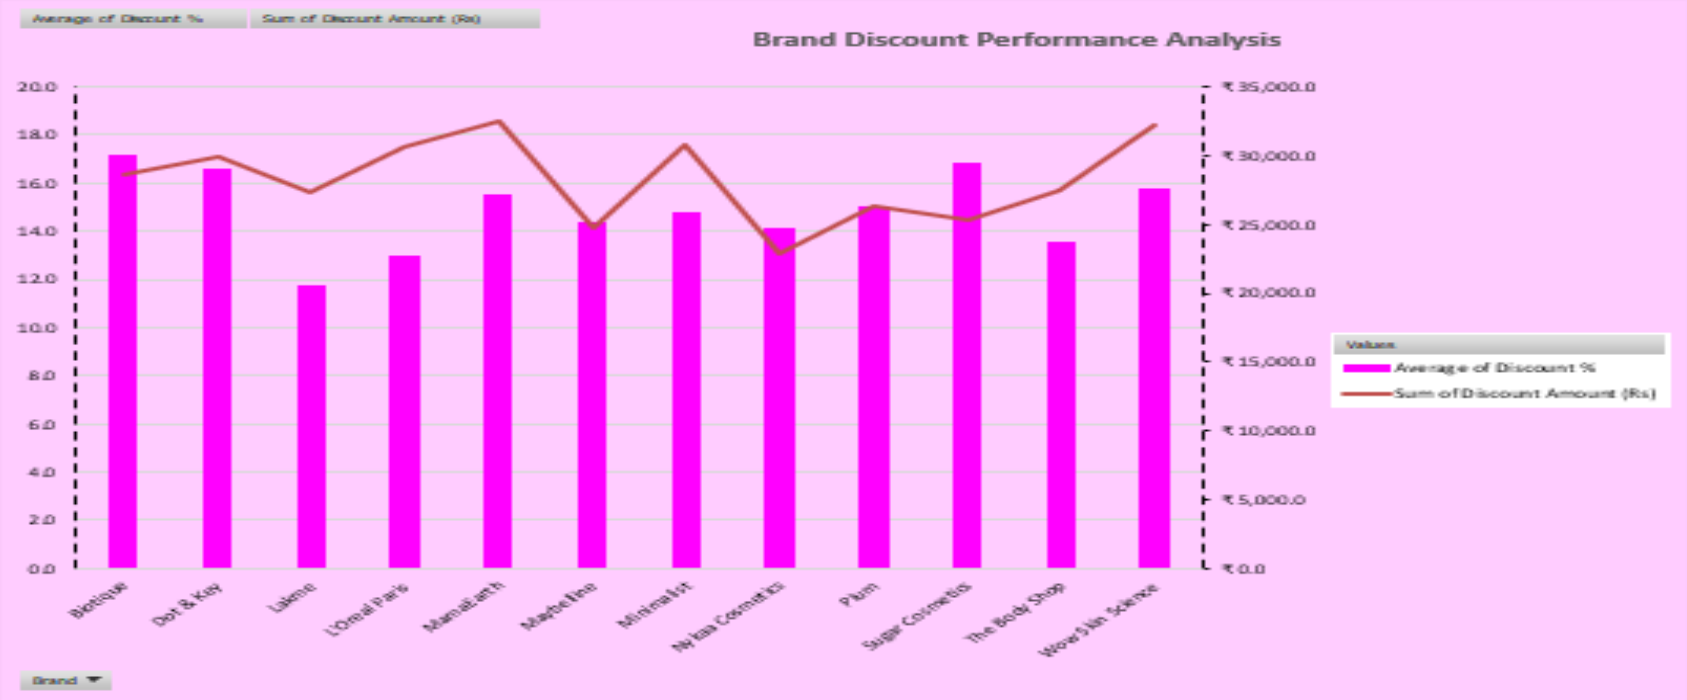

KEY OBSERVATIONS

- *Analyzed customer payment preferences and product return patterns to identify opportunities to improve the checkout experience and reduce product returns.*

Discount & Revenue Impact Analysis

KEY OBSERVATIONS

Analyzed brand-wise discount patterns to understand discount distribution and support effective pricing decisions.

Interactive Dashboard & Business Insights

REVENUE

Identify major contributors to net sales.

PRODUCT

Identify top-selling products based on units sold.

CUSTOMER

Compare customer satisfaction across brands.

OPERATIONS

Evaluate returns, payment methods and discounts.

Business Recommendations

01 PRODUCT STRATEGY

Prioritize consistently high-performing products for inventory and promotional planning.

02 CUSTOMER STRATEGY

Understand high-value customer segments and create targeted offers.

03 DISCOUNT STRATEGY

Monitor discount levels against net sales to avoid unnecessary margin reduction.

04 RETURN MANAGEMENT

Investigate categories or products with higher return rates.

05 CUSTOMER EXPERIENCE

Use rating patterns to identify brands or products requiring improvement.

06 CHANNEL STRATEGY

Strengthen channels that consistently generate higher sales.
